

## **4.3.1 Institution frequently updates its IT facilities including Wi-Fi Response:**

There are different digital technological facilities available in the college. There are 04- smart classrooms, 03-Computer lab and 01-digitally equipped conference hall. A well equipped computer lab is also functioning in the college. The students of the college are access to the computer lab. Total 74 computers and 9 printers are available. The college building and the library building are facilitated with the Wi-Fi connectivity. There is open access of Wi-Fi connectivity to all student and the staff members of the college. All the departments of the college are provided with computer and other related accessories. All teaching staff member use the ICT in the classrooms and laboratories, whenever needed. The different educational sites are shown to the students with the help of digital device. Most of the official work is being done with the help of ICT. The college regularly maintains the IT facilities. Following are some basic facilities for updating:

Computer is formatted in regular basis. College itself formats the computer without no fees and by the help of computer operator. Anti-virus is regularly installed in computer. All computer has anti-virus LAN connectivity is available as mentioned in 4.1.1, i.e., in Principal chamber, Office-room, IQAC room, various departments including, library. CCTV is installed in every classroom. Website is maintained by Mr. Bhorkade A.R, Arnav Techonsys, Yeola .
