Mentor-Mentee Cell

The Mentor-Mentee Cell of the Pharmacy Department is constituted to provide comprehensive guidance and support to students throughout their academic and professional journey. This cell plays a vital role in nurturing the intellectual, emotional, and professional growth of budding pharmacists by fostering a strong bond between faculty (mentors) and students (mentees).

Objectives:

- To offer academic, career, and personal guidance to pharmacy students.
- To help students cope with academic pressure and stress associated with professional education.
- To enhance student-teacher interaction and build a positive learning environment.
- To guide students in research, internships, and higher education opportunities.
- To instil professional ethics, discipline, and confidence among future pharmacists.

Structure:

- Each faculty member of the Pharmacy Department is assigned as a mentor to a group of students.
- Mentors conduct regular meetings to monitor the academic progress, attendance, and overall well-being of mentees.
- Proper documentation of each mentee's academic record, achievements, and issues is maintained.

Key Activities:

- Academic monitoring and guidance.
- Counselling on personal and professional issues.
- Motivation for participation in seminars, conferences, and research projects.
- Career guidance related to hospital pharmacy, industrial pharmacy, clinical research, drug regulatory affairs, etc.
- Support for GPAT preparation and other competitive exams.

Expected Outcomes:

- Improved academic performance and personal development.
- Timely identification and resolution of student issues.
- Increased awareness of career opportunities and professional responsibilities.
- Stronger student-faculty connection and mentoring culture.

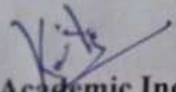

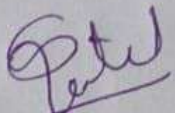

The Mentor-Mentee Cell is committed to guiding pharmacy students not only in academics but also in becoming responsible and competent professionals ready to serve the healthcare sector
